Covers the major VAG models

From five to one: one A/C compressor for two refrigerants, suitable for around 24.8 million vehicles in the EMEA region.

For example:

- AUDI: A1/3, Q2/3, TT, etc.
- CUPRA: Ateca
- SEAT: Altea, Ibiza, Leon, etc.
- ŠKODA: Fabia, Octavia, Yeti, etc.
- VW: Caddy, Golf, Passat, Polo, Tiguan, etc.

The benefits for you:

- Just one air conditioning compressor for millions of vehicles
- One model for both refrigerants (R134a and R1234yf)
- Easier to identify and order
- Improved warehousing with less space occupied
- OE quality "Made by MAHLE"
- Reliable operation and fit
- Attractive pricing
