

Ford 7.3L Godzilla gaskets

The Ford 7.3L Godzilla engine brings the power and torque. The semi-compact design of this old-school, iron block, pushrod two-valve engine allows the end user the opportunity to swap it into multiple different vehicles.

When performing an engine build, and gaskets in particular, it's all about getting the optimal seal. MAHLE® gaskets provide unequalled

Aftermarket quality, form fit and function, and coverage; in regards to the versatile Godzilla engine, MAHLE has the required gaskets for the rebuild. In fact, these gasket sets are only available through MAHLE – exclusive gasket sets not found anywhere else!

MAHLE	Description	Includes
HS55516	Cylinder head gasket set	Coolant inlet tube gasket, crankcase vent tube o-ring, cylinder head gaskets, fuel injector o-rings, heater tube o-rings, intake manifold gaskets, oil fill cap o-ring, PCV valve o-ring, thermostat housing gasket, throttle body gasket, valve cover gaskets, valve cover grommets, valve stem seals
CS55516	Conversion gasket set	Coolant inlet tube gasket, heater tube o-ring, oil cooler gaskets, oil cooler line o-ring, oil drain plug gasket, oil pan high pressure port gasket, oil pressure control solenoid o-ring, oil return tube o-rings, rear main seal, rear main seal retainer gasket, RTV, timing cover gaskets, timing cover seal, VCT solenoid o-ring, water pump gasket
55516	Cylinder head gasket (left)	Material: multi-layered steel (MLS), thickness: .040", bore diameter: 4.29"
55517	Cylinder head gasket (right)	Material: multi-layered steel (MLS), thickness: .040", bore diameter: 4.29"
GS34087	Cylinder head dowel pins	16 mm straight cylinder head dowel pins (2)
GS34082	Cylinder head bolt set	6 pt hex head, M14 cylinder head bolts (10)

MAHLE

MAHLE	Description	Includes
VS50977	Valve cover gasket set	Crankcase vent tube o-ring, oil fill cap o-ring, PVC valve o-ring, valve cover gaskets
VS50977S	Valve cover gasket single (left or right)	Valve cover gasket (1)
GS34084	Valve cover grommet set	Valve cover grommets (10)
SS46156	Valve stem seal set	Valve stem seals, material: fluoroelastomer (16)
MS20623	Exhaust manifold gasket set	Exhaust manifold gaskets with heat shield (OEM design), material: multi-layered steel (MLS) (2)
MS20628	Exhaust manifold gasket set	Exhaust manifold gaskets without heat shield (Performance), material: multi-layered steel (MLS), port size 1.89" x 1.74" (2)
MS20624	Intake manifold gasket set	Intake manifold gaskets (8)
OS32453	Oil pan gasket set	Oil drain plug gasket, oil pan high pressure port gasket, oil pressure control solenoid o-ring, RTV
68115	Rear main seal	Rear main seal, material: fluoroelastomer
68114	Timing cover seal	Timing cover seal, material: PTFE
JV5289	Timing cover gasket set	Coolant inlet tube gasket, heater core tube o-ring, RTV, timing cover gaskets, timing cover seal, VCT solenoid o-ring, water pump gasket
MISCELLANEOUS GASKETS		
C33825	Coolant inlet tube gasket	Coolant inlet tube gasket
F32820	Catalytic converter gasket	Catalytic converter gasket
GS33276	Fuel injector o-ring set	Fuel injector o-rings
GS34033	Heater core o-ring set	Heater core o-rings (to engine block & front cover)
GS34083	Oil cooler gasket set	Oil cooler line o-ring, oil cooler mounting gaskets, oil pressure control solenoid o-ring
B33828	Oil pan drain plug gasket	M11 or 7/16" oil drain plug gasket
GS34085	Oil return tube gasket set	Oil return tube o-rings
B33824	Rear main seal retainer gasket	Rear main seal retainer gasket
C31302	Thermostat housing gasket	Thermostat housing gasket
G33745	Throttle body gasket	Throttle body gasket
K33826	Water pump gasket	Water pump gasket
